

WE STICK TOGETHER.

Join our team.

We are looking for you to help

Braiding. Weaving. Crocheting. Dyeing - 125 years of experience and innovations. At Julius Koch, we develop and produce sustainable textile solutions for the global market that meet the highest technical standards.

We are looking for co-creators who want to work in a rapidly growing and dynamic environment in our innovative and sustainably producing company and accompany us into the future. Our field of activity is global and our project teams are international. Our employees in the offices in Germany, Denmark, Italy, France, the Ukraine and China are contact persons for customers all around the world.

If you are looking for an employer who values personal responsibility, teamwork and new ideas - talk to us.

We are looking forward to meet you.

Electricians (m/f/d), mechanics and mechatronics technicians (m/f/d), production workers (m/f/d)

OUR RANGE:

We are an innovative company with a family atmosphere. You will find a varied job in a motivated team with flat hierarchies. We offer pleasant working conditions and a variety of social benefits, such as vacation and Christmas bonuses as well as 30 days of vacation per calendar year, under the umbrella of a collective agreement. Knowledge is imparted in „training-on-the-job“.

YOUR RESPONSIBILITIES:

We are looking for reinforcement for various positions/activities in the production departments:

- Set up/program textile machines (e.g. equipping with yarns and braids) + repair and maintain
- Testing and maintenance of mechanical and electrical systems (37h/week)
- Tests of small electrical devices and adjustments to PLC programs (with appropriate qualifications)
- Quality control of products
- Order picking of finished products

YOUR QUALIFICATION:

- Training as an electrician, electronics technician, mechatronics technician or mechanical training and professional experience in electrical engineering is advantageous
- Fun at work, motivation and positive attitude
- Structured and conscientious way of working
